

Braiding Machines

Some figures

- Founded in 1942
- 60 employees
- 2.500 braiding machines produced yearly.
- 90% Export to 120 countries.

Sectors

- Ropes
- Automobile & Aeronautic
- Marine & Sport
- Nets
- Textile
- Metallic Braids (electric conductors and fluids)
- Medical

Location

Manresa
(60 Km North west from
Barcelona)

Premises

8.000 m2

Machining

Core parts internally manufactured

- Helps quality under control
- Flexibility

Assembling

- Assembly area

Showroom

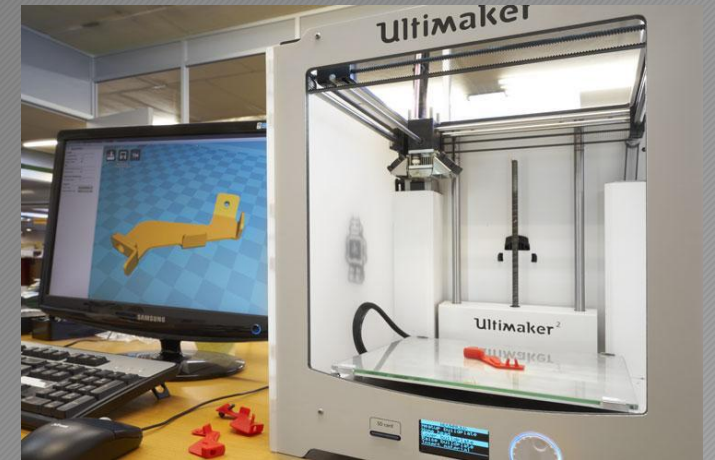

- Show-room & testing & training area

R&D

- Offices & Engineering

- CUSTOMIZED MACHINERY
- INNOVATION & DEVELOPMENT

Braiders

12/680

- Number of carriers: 12
- Gauge: 680 mm
- Bobbin dimensions: $\varnothing 365 \times 730$ mm
- Bobbin capacity: 74.319 cm³
- Motor power: 7,5 Kw
- Horn gear r.p.m.: 33
- Carrier r.p.m.: 11 rpm
- Maximum rope: $\varnothing 85$ mm

Auxiliary machines
